

This 24 hour day of giving is very helpful to many not for profit organizations, and extremely beneficial to us here at Love INC. We are asking for your participation when May 2<sup>nd</sup> arrives. Please give to Love In the Name of Christ DeKalb/Sycamore as it helps with our wide range of healthy work to the needy population.

Over 1,000 people were helped during 2018. **Not only were individuals helped with basic things in life whether it is a bike to get around, a dining table to sit at, a bed to sleep on, or one of our other 28 areas of physical help for life there is also emotional support.** The emotional support comes from some of our many volunteers connecting with those in need. It involves volunteers doing life with people that call the organization for help. It's showing up for church together or following up on the phone. We see more than the need we see the people in need. **We use hundreds of donated items each year to connect and help those transitioning out of homelessness, those starting life over after domestic issues, those that have unexpected issues that arise that temporary place them in poverty, and those trying to get on their feet after experiencing difficult times.**

We are here to connect people from the local churches to those in need. Support them and encourage them through the difficulty they are faced with. We do this through giving of time and items. **Our services are free of charge, and we can make an impact on many lives when you financially take part in helping us coordinate great and effective help.**

**Seventy six families have been assisted in 2019 already,** and with your help we can connect with many more. The problem of poverty is real in our communities, and Love INC is here to help them through the difficulty.

To donate on May 2<sup>nd</sup> to Love INC please follow the below steps online
